

DEMONSTRATION ON SRI BY KVK WEST SIANG CONTINUES

Basar 19th July, 2014 : As a part of different demonstration programmes on SRI in different parts of the state of Arunachal Pradesh, Mr A. Kirankumar Singh i/c Programme Coordinator along with Mr Tinkonjit Taye, Senior Research Fellow, NICRA KVK conducted at Dali village one of the Technology Demonstration Site of NICRA (KVK). The demonstrations were conducted in Dali village in the fields of Shri Tamar Riba Shri Karjum Dirchi and Shri Dobom Bame on 18th July, 2014 while in the field of Shri Tedam Riba and Shri Monya Riba on 19th July, 2014. Their fields were transplanted with RCM-5, RCM-7, RCM-10 and RCM-11 varieties of paddy. Shri Tamar Riba and Shri Karjum Dirchi were impressed with the performance of the system which was conducted with RCM-11 and CAU-R1 varieties last year and encouraged the other farmers to adopt the system in their fields in the village. In the field of Shri Tedam Riba two varieties each i.e. RCM-5+Khamti, RCM-7+Khamti, RCM-10+Khamti and RCM-11+Khamti were transplanted in the same plots to easily showcase the differences of their performances in the field.
