**Symposium
on
Plant Health
Management in
North East India**

**Organized by: Zonal Chapter
North Eastern Zone
Indian Phytopathological Society
&
ICAR Research Complex for NEH
Region, Umiam, Meghalaya**

Plant health management in north east India is a great challenge to meet since few states have been declared as organic. We need to focus on all aspects of plant health (biotic and abiotic factors) for sustainable and profitable management of important plant diseases. We sincerely hope that deliberations during this symposium will help us in formulating roadmap for successful plant health management in this biodiversity rich region.

Thematic areas

- I. Disease management in organic agriculture
- II. Molecular tools in plant disease diagnostics and management
- III. Plant diseases and climate change

Call for Abstracts and Presentations

Abstracts in different theme areas will be selected for oral/poster presentation in each session. The size of the poster should be 48" (L) X 36" (W). Maximum 20 min will be allotted to lead speakers and 10 minutes to the presenters.

English will be the official language of the Symposium.
